9. Msc degree in pharmacy (Pharmacology and Toxicology)	Pharmacology and Toxicology	TU10-8008

Registration rules:

The student must be registered for a Msc degree, in addition to the conditions set forth in Article (7) following:

1. The student must have a Bsc degree in pharmaceutical sciences or a Bsc degree in pharmacy from one of the Faculties of Pharmacy of Egyptian Universities or any other scientific institute recognized by the Supreme Council of Universities in addition to a very good grade at least in the course or average of the specialty courses specified by the relevant department council

Study Duration:

- A. The minimum limit for granting a Msc degree is a year and a half (eighteen months) from the date of the university's Graduate Studies Council approval of the registration.
- B. The maximum limit for awarding a Msc degree is five Gregorian years from the date of registration, taking into account the cases of suspension of registration, and it is permissible to extend the registration to a maximum of two years in the Gregorian calendar based on a report from the principal supervisor and approval of the relevant department council, the Graduate Studies and Research Committee, the College Board and the approval of University Graduate Studies and Research Council.
- C. In order for the Msc thesis to be registered, no more than five years have passed since the student passed the exams for the preliminary study for the master's courses.

Study Program:

- A. The total number of credit hours to obtain a Msc degree is at least 60 credit hours, including courses and thesis.
- B. The student studies courses of at least 30 credit hours determined by the faculty council based on the proposal of the relevant department council of postgraduate courses from code (8000) including compulsory general courses (11 credit hours) from the college requirements and specialized

courses (19 credit hours, including one credit hour For a scientific symposium or research project).

- C. The tables shown in Appendix No. (3) show the courses taught in the pre-masters period and the number of hours allocated to each course. The College Board determines, based on the proposal of the relevant department boards, the topics to be studied in each course.
- D. The student conducts a research on a subject specified by the principal supervisor and is estimated for him as a minimum of 22 credit hours and is approved by the relevant department council, the Graduate Studies and Research Committee and the College Board. To register a number of credit hours required each semester.

Thesis Supervision:

- A. In addition to the provisions of Article (20), at the end of each academic year, supervisors submit a report to the relevant department council about the student's progress in his studies.
- B. The College Council has the right to amend the Supervision Committee by raising or adding, or both, based on the suggestion of the principal supervisor and the approval of the relevant department council and the Graduate Studies and Research Committee, without contradicting Article (20) of the bylaw.
- C. In the event that one of the supervisors is seconded or traveled abroad for a period exceeding the Gregorian year, the College Board may leave the Supervision Committee as it is, add a member to the Supervision Committee, or raise the name of the supervisor who was loaned or traveled abroad if he has not been supervising the thesis for at least one year And that is based on the proposal of the relevant department council and the approval of the Graduate Studies and Research Committee, without contradicting Article (20) of the bylaw.

Degree Awarding Rules:

The University Council, subject to the approval of the College Board and upon the recommendation of the relevant Department Council and the Graduate

Studies and Research Committee, grants a Msc degree in the event that the student meets the following conditions:

- A. A year and a half have passed (eighteen months) at least after the start of registration (and the University's Graduate Studies and Research Council has agreed to register)
- B. The student's success in the examination of all academic courses, provided that the cumulative grade point average (CGPA) is not less than 2.0.
- C. Acceptance of the thesis by the Judging and Recommendation Committee for awarding the degree.

Registration Canceling:

The College Board cancels the student's registration for a Msc degree if:

- A. The student submitted a request to cancel the registration in accordance with Article (9)
- B. Failure of the student for obtaining a cumulative grade point average (CGPA) of less than 2 in the courses
- C. Student interruption of studies, lack of seriousness in research, or lack of scientific integrity in recording his results, with the approval of the Department Council and the Graduate Studies and Research Committee and based on a report from the supervisors
- D. The Judging and Recommendation Committee rejected the thesis twice in a row
- E. Failure to obtain a degree during the periods stipulated in Paragraphs A and B of Article (36) of the bylaw
- F. Non-payment of the fees prescribed for the program
